Town column SAMOS

Aesthetics
Durability
Functionality

- * Interesting design and attractive colors of posts adapted to the needs and requirements of the client significantly improves the aesthetics of streets and housing estates.
- * Anti-corrosion protection using the "duplex" method, combining hot-dip galvanizing and powder coating, guarantees an extremely long service life without the need for renovation
- * Different variants of assemble to the ground provide the possibility of universal usage. The column in the removable version, opened with a spanner, allows the rescue and municipal services, or authorized vehicles.
